◆ Life Safety Systems

◆ Security/IoT/IT Managed Services

◆ Critical Communication/
Collaboration Systems

Data Center

Active Central Monitoring

- UL Fire Central Stations
- Security Central Stations
- Internet and Cellular Monitoring
- Proactive Video Verification and Monitoring
- Virtual Guard Services
- Video Escort Services

Critical Communications

- Mass Notification
- Intercommunications Systems
- Emergency Phone & Call Box
- Area of Refuge Solutions
- Nurse Call
- Real-Time Location Systems
- Mobility & Wireless Technology
- Synchronized Clocks
- Patient Engagement

Communication Infrastructure

- Cellular DAS/BDA
- Passive & Active Networking
- Network Management

Cyber Security

- Cyber Operations
- Information Security Management
- Risk, Patch, and Vulnerability Management

IoT and Managed Services

- Service Desk
- Network design & Support

Life Safety Systems

- Fire Alarm Systems
- First Responder DAS/BDA/ARCS

Physical Security

- Video Surveillance
  — Analytics & Video Verification
- Access Control Managed Services
  — Visitor Management Systems
  — Perimeter Defense
  — Virtual Guard & Escort Services
  — Gun and Gunshot Detection
  — Turnstiles & Bollards

Presentation and Briefing Systems

- Collaboration Systems
  — Unified Communication
  — Interactive Touch
- Room & Resource Management
- Digital Signage & Wayfinding
- Sound Masking and Privacy Systems
